

# Invitation to a Presentation on C++

Morgan Stanley and Budapest University of Technology and Economics invite you to a presentation on C++.

Morgan Stanley's Bjarne Stroustrup, the inventor of C++ will talk about 'Type-and resource-safe C++' and Abel Sinkovics, a software developer will discuss on 'Debugging and benchmarking the C++ compilation process.'

"I designed and implemented the C++ programming language. To make C++ a stable and up-to-date base for real-world software development, I stuck with its ISO standards effort for 25 years (so far)."
