

BUDAPEST UNIVERSITY OF TECHNOLOGY AND ECONOMICS

Further measures in relation to enhanced epidemiological protection March 29, 2020

In order to ensure the success of epidemiological protection activities, as well as to protect the life and health of BME citizens, and in consideration of

- curfew restrictions taken by the Governmental Decree 71/2020. (III. 27.), as well as
- the decision of the National Chief Medical Officer dated 26 March 2020¹,

the Coordination Committee shall introduce the following measures from March 30, 2020:

1. students, including PhD students, are not allowed to enter BME campuses even if they have employment relationship with BME;
2. persons over the age of 65 are not allowed to enter BME campuses, even if they have an employment relationship with BME.

Coordination Committee
