## ANNEX

### ACTION PLAN

#### I. Introductory provisions

1. With Act I of 2021 on the protection against the coronavirus pandemic, the Parliament of Hungary extended the scope of several legal acts applicable during the state of emergency. The Government has amended these regulations to suit the situation and introduced new rules of epidemiological protection.
2. The purpose of this Action Plan is to establish a uniform procedure for the completion of certain activities of the University during the state of epidemiological preparedness, to reduce the risks associated with the coronavirus epidemic.

#### II. General protection measures

1. Only healthy persons who do not show symptoms of coronavirus infection may enter the University.
2. Each person is obliged to check the symptoms on a daily basis before entering the University. Persons showing symptoms shall report the fact of having symptoms as follows:
  - a. employee or instructor shall immediately notify his/her immediate superior of the fact of having symptoms;
  - b. student, former student shall declare the fact of having symptoms in the study administration system (NEPTUN) on the form provided for this purpose (request Nr. 088).
3. Person who detects symptoms on himself/herself or who is exposed to high risk exposure (close contact) is prohibited to enter the University within 10 days (home quarantine).
4. If the coronavirus infection is confirmed, epidemiological isolation or surveillance (voluntary or official quarantine) is required, or if the infection has ceased or the employee or student has recovered from the coronavirus disease
  - a. the employee and the instructor shall immediately notify his immediate superior of this fact;
  - b. the student or former student reports this fact in the study administration system (NEPTUN) on the form provided for this purpose (request Nr. 088).
5. If an employee or instructor is unable to enter the territory of the University due to the presence of symptoms, epidemiological surveillance or isolation (voluntary quarantine, official quarantine) or a confirmed infection, he / she shall perform his / her duties within the framework of distance working order (home office), if his / her state of health and the duties to be performed allow and the employer permits it.

6. Student or former student with the presence of symptoms, epidemiological surveillance or isolation (voluntary quarantine, official quarantine) or a confirmed infection, is prohibited to enter the University; and if the required position of the isolation is the dormitory, he/she is obliged to stay in the dormitory.
7. Wearing of protective mask covering both the mouth and the nose (hereinafter: mask or protective mask) is not mandatory in the territory of the University. Wearing the mask cannot be prohibited.
8. Adherence to personal hygiene requires necessary and responsible civic behaviour on the part of all citizens of the University. This includes frequent soap or alcohol hand sanitization, adherence to cough etiquette.
9. In high-traffic public areas (e.g. corridors, elevators, staircases, restrooms, kitchenettes), the University – through the organizational unit responsible for cleaning the area – assures cleaning of the often used (touched) surfaces with a virucidal surface disinfectant of appropriate intensity and frequency.
10. In order to reduce the concentration of possible pathogens indoors - even in the case of the use of artificial ventilation - special attention should be paid to continuous and regular natural ventilation with increased intensity, opening of doors and windows, the implementation of which is the duty of room users.
11. A person who violates the regulations, by his/her behaviour endangers other persons should be called to stop the act. If the summons is unsuccessful, the Department of Property and Institutional Security shall be notified. The staff of the Department of Property and Institutional Security will take the necessary measures.

### **III. Special provisions for the organization of education**

1. In the absence of provisions provided by law or the ministry, study activities shall be organized in the form of in-person education, taking into account the general protection measures set out in Section II.

### **IV. Requirements for events**

1. Events in the territory of the University may be held in accordance with Chapter 3 of the Government Decree 484/2020 (XI. 10.) on the second phase of protection measures to be applied during the state of emergency.
2. Language examination organized by the Foreign Language Center does not qualify as an event, so it can be held taking into account the general protection measures.

## **V. Dormitory accommodation measures**

1. The dormitory may be occupied by a person protected against coronavirus in accordance with the provisions of 2/A.§ (1) of the Government Decree No. 484/2020 (XI. 10.) on the second phase of protection measures to be applied during the state of emergency (hereinafter: a person protected against a coronavirus).
2. Persons in the dormitory shall comply with the rules of conduct set out in this section during their stay. Violation of the rules of conduct set out in this Action Plan, as well as the rules of procedure of the dormitory, will result in immediate expulsion from the dormitory.
